REPORTS ON
SETTLEMENTAffairs of Lepers
Before Board
of Health.NEW CONTRACTS
MADE FOR PAIAIThe Hawaiian Navigation Com-
pany Gets Freight
Contract.

The Board of Health was largely oc-
cupied yesterday with the affairs of
the leper settlement at Molokai. The
report of the physician in charge, Dr.
Oliver, was read and approved. It is
as follows:

Kalaheo, Oct. 8, 1901.
Dr. H. C. Sloggett, President Board of
Health, Honolulu:
Dear Sir:—I herewith forward to you
my report for the quarter ending Sep-
tember 30th, 1901.

There have been thirty-seven deaths
of lepers during this period and two
deaths of non-lepers.

An epidemic of fever has visited us
during the last two months; an ordinary
continued fever and a relapsing fever;
lepers and non-lepers alike have been at-
tacked, but in every case when the sub-
ject was a leper, the fever has been ac-
companied with erysipelas of the head
or face, and occasionally of some part of
the body. The fever has generally been
mild, but in some relapsing cases, the
temperature was high. In all, the num-
ber of fever cases was 103, with five
deaths.

There have been four births in the set-
tlement, one male and three females, and
one clean child has been sent to Hono-
lulu.

Bathing has been as usual. Visits to
the dispensaries average thirty-five daily.

I am,
Yours truly,
RICHARD OLIVER, M. D.,
Resident Physician, Leper Settlement.

Bids for supplying the settlement
with paiai were opened and the con-
tract was let to John W. Kalua who
offers to furnish paiai of twenty-one
pounds each f. o. b. steamers, for 75
cents apiece. The paiai to be packed
in flour sacks and to be of the best
quality, and freshly gathered. The con-
tract is to be made in the name of
Samuel Kelumio, who is the representa-
tive of the two planters of Molokai and
Maui.

There were two other bids, one from
Lee Chun of Honolulu at \$1.26 each, the
other by S. Kelumio of Wailuku. His bid
was 75 cents for paiai wrapped in ti
leaf and 80 cents in flour bags.

A contract was made with the Ha-
waiian Navigation Co. for the transporta-
tion of the paiai to the settlement.
For freight from Kahului to Kalaupapa
the charge is to be seventeen cents
apiece, in lots of not less than 500 bun-
dles each shipment. An average of
2,400 bundles must be shipped each
month, and in case there is a less num-
ber, the charge will be twenty-two
cents per bundle. The Hawaiian Naviga-
tion Co. will, it is said, establish a
line of schooners to take care of the
business of the Board of Health. The
Wilder company refused to bid on the
proposition at all.

The letter of Mrs. Lona Lee Shu in
reply to one from the Board was read
and heartily received, it being the first
commendatory epistle that has been re-
ceived from any one at the settlement.
Mrs. Shu had complained that she re-
ceived her meat in a cart, while the Sis-
ters were given theirs in a basket.
She was very much pleased with the
action of the Board in having the mat-
ter attended to. She stated that her
meat was now brought to her house in
a basket lined with green cloth, for
which she wished to thank the Board of
Health and Supt. Reynolds.

OTHER MATTERS.

The Board recommended the grant-
ing of a license to Dr. F. W. Hodgins.

A request was received from Govern-
ment Physician Goodhue for informa-
tion as to whether he would be allowed
to charge fees for the examination of
coffee shops and restaurants in his dis-
trict, Kaula. This being out of his
regular line of work the Board decided
that such charges would be proper.

F. Weber, secretary of Lihue Hospi-
tal, sent in the reports of that institu-
tion for the past three months, and re-
quested that the hospital be allowed the
subsidy of \$150 per month granted by
the legislature. This matter was also
referred to Mr. Mott-Smith who is in-
vestigating the status of these hospitals
with a view to ascertaining if they come
within the provisions of the law.

The request of J. Paakaula to have

SECRETARY LONG'S DAUGH-
TER WHO LATELY DIED

MISS HELEN LONG.

HINGHAM, Mass., October 4.—Miss
Helen Long, daughter of Secretary Long,
died at 9 o'clock tonight. The cause of
death was pulmonary trouble which had
its inception after close attention to so-
cial duties during Secretary Long's first
term in the cabinet. She went to Colo-
rado Springs in November, 1899, and two
weeks ago she started home.

Miss Helen Long was the younger of
Secretary Long's two daughters. She
was educated at a private school in Mas-
sachusetts and in Europe. She was an
adept in French and German so that she
was able to entertain the members of
the diplomatic circle who were her father's
guests in Washington. Her older
sister has been devoting herself closely

to the study of medicine so that the du-
ties of being mistress of her father's
household devolved upon her younger
sister. Miss Helen Long was a charming
hostess and enjoyed these duties. She
has been suffering from pulmonary trou-
ble for two years or more. She con-
tracted a severe cold while at a dinner
on the dispatch boat Dolphin in Febru-
ary, 1899, and that developed into acute
lung trouble. She was taken to Colorado
but all efforts to save her life were un-
availing.

During the Spanish-American war Miss
Long was one of four young women who
entered the naval hospital in Brooklyn
to serve as volunteer nurses without pay.
She performed her duties with such effi-
ciency and care as to win great praise
from the surgeons in charge.

the week ending September 24 there
were but three deaths and the same
number of new cases. At Yokohama
for the week ending October 5 there
was one case of Asiatic cholera, one
death resulting.

Dr. Myers, government physician, re-
ported that he had resumed his duties
on the tenth of the month.

Dr. Garrison made a claim of \$25 for
treatment of insane at the request of
the sheriff at Hamakua, and the bill
was referred to the Attorney General
for an opinion.

The report of the Malulani Hospital
showed receipts for the month of \$457.70
and expenditures of \$297.15.

The plumbing inspector's semi-annual
report was as follows:

Honolulu, Oct. 16, 1901.
Dr. J. S. B. Pratt, Executive Officer,
Board of Health:

Sir:—For the semi-monthly period end-
ing Oct. 15th, 1901, I have the honor to
report the work of this office as follows:
Number of plans filed, 56.
Number of permits issued, 56.
Number of inspections of plumbing and
house sewers made, 189.
Number of final inspections, 61.
Number of sewer connections made, 22.
Very respectfully,
E. G. KEEN,
Inspector of Plumbing and House
Sewers.

Noted for delicacy of flavor, and soft
and mellow. Spruance, Stanley & Co's
whiskies.
